About Us

MK TRADERS AND CONTRACTORS was established in 1996 with a strong vision to deliver excellence in the field of construction and engineering. Over the years, the company has successfully executed a wide range of challenging projects and has built a reputation for quality, trust, and professionalism. With extensive experience and expertise, we have developed strong capabilities in:

Project Management, Construction & Design Solutions, Mass Concrete Projects Highway Development Projects, Government Civil Works, Engineering Works

Our consistent performance, technical know-how, and commitment to innovation have enabled us to provide sustainable and reliable building solutions.

Today, MK TRADERS AND CONTRACTORS proudly stands as a Class-I Government Contractor, trusted for delivering projects that meet the highest standards of quality and precision.

Our Services

In addition to government projects, we have played a key role in the private sector as the main contractor for medium to large-scale developments. We have also successfully taken on the role of developer, delivering residential and commercial in-house projects.

We provide end-to-end civil work solutions, driven by our large experience, technical expertise, and innovative approach.

Our Objective

Our objective is to provide every client with an "I Am Assured" experience when they choose us to execute and manage their projects.

We believe in: Clear and transparent communication, Systematic planning and execution, Strong focus on client satisfaction. This approach ensures that our clients' objectives always remain the top priority throughout every stage of the project.
